Good afternoon Mr. Garnett,

The Air Pollution Control Program (APCP) has completed the preliminary review of your Part 70 Operating Permit. We are placing a public notice draft permit on the Department's web page at: <http://dnr.mo.gov/env/apcp/permit-public-notice.htm>. The public notice period will start on September 16, 2020 and will last for 30 calendar days.

We will accept comments regarding the draft permit postmarked on or before the closing date. It is very important that you read and understand this legal document. It is your responsibility to comply with this document. Please address comments or recommendations for changes to Michael Stansfield, P.E., Operating Permits Unit, Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102.

We are sending a copy of this draft to the U.S. EPA's Region VII office in Lenexa, Kansas, for their review. Your Part 70 Operating Permit will become a part of the Missouri State Implementation Plan, and as such, federally enforceable. We may hold a public hearing if the public requests one.

Should you have any questions, or wish clarification on any items in this draft permit, please contact Michael Stansfield at the department's Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102, or by telephone at (573) 751-4817. Thank you for your time and attention.

Thank you,

***Joseph Miller***
